

# ARE YOU THE OWNER OF A VILLA OR A TRAVEL/TOURIST AGENCY?

YOUR ONLINE AVAILABILITY SYSTEM

OASYS is the first completed online administration system for reservations and availability of villas for rent that offers to the householder and/or the collaborating Travel/Tourist Agencies the potentiality of parallel administration and use.

- Give the people who are interested the potentiality to see on real time the availability of your villa via your website.
- Give your collaborators the potentiality to see the availability of your villa via their website.

OASYS belongs to the new generation of Internet Applications, *Rich Internet Applications (RIAs)*, it can be executed through any Operating System and it does not require installation on your computer.

In a simple way and through any web browser (IE, Firefox, Safari, Opera etc) of your computer.

### OASYS is separated in 2 sub systems:

- 🔧 OASYS Administration - Online administration system (of reservations, availability etc)
- 🔧 OASYS Client - Projection of availability system (in a timetable form) in real time (online calendar), which can be used in any website that collaborates with you.
